Process Gas Compressor

Capacity: Max. 100 $\frac{Nm^3}{min}$

Out Pressure: Max. 300 Bar(g)

Electromotor Power: Max. 700 Kw

Fluid Type: Process Gas Compressor

**Electrical panel with inverter or soft starter or
contactor relay**

Control panel: Siemens plc 1200 or plc 1500

**Air Instrumentation: Equipped with indicator
switch and transmitter and HMI**

Process Gas Compressor

Capacity: Max. 200 $\frac{Nm^3}{min}$

Out Pressure: Max. 300 Bar(g)

Electromotor Power: Max. 4000 Kw

Fluid Type: Process Gas Compressor

**Electrical panel with inverter or soft starter or
contactor relay**

Control panel: Siemens plc 1200 or plc 1500

**Air Instrumentation: Equipped with indicator
switch and transmitter and HMI**

Process Gas Compressor

Capacity: Max. 300 $\frac{Nm^3}{min}$

Out Pressure: Max. 300 Bar(g)

Electromotor Power: Max. 7500 Kw

Fluid Type: Process Gas Compressor

**Electrical panel with inverter or soft starter or
contactor relay**

Control panel: Siemens plc 1200 or plc 1500

**Air Instrumentation: Equipped with indicator
switch and transmitter and HMI**

Oil Free Reciprocating Compressor

Capacity: 1-2 $\frac{Nm^3}{min}$

Out Pressure: 12 Bar(g)

Electromotor Power: MAX 20 Kw

Fluid Type: Air Instrumentation

Electrical panel with inverter or soft starter or
contactor relay

Control panel: Siemens plc 1200 or plc 1500

Air Instrumentation: Equipped with indicator switch
and transmitter and HMI

Oil Free Reciprocating Compressor

Capacity: 5-6 $\frac{Nm^3}{min}$

Out Pressure: 12 Bar(g)

Electromotor Power: MAX 50 Kw

Fluid Type: Air Instrumentation

Electrical panel with inverter or soft starter or contactor relay

Control panel: Siemens plc 1200 or plc 1500

Air Instrumentation: Equipped with indicator switch and transmitter and HMI

Oil Free Reciprocating Compressor

Capacity: 10-12 $\frac{Nm^3}{min}$

Out Pressure: 12 Bar(g)

Electromotor Power: MAX 90 Kw

Fluid Type: Air Instrumentation

**Electrical panel with inverter or soft starter or
contactor relay**

Control panel: Siemens plc 1200 or plc 1500

**Air Instrumentation: Equipped with indicator switch
and transmitter and HMI**
